MICHAELMAS 2025

# WHAT IS THE UNION?

The Durham Union Society is Durham's oldest and largest student society. Founded in 1842, the Union plays a unique role in the collegiate system of Durham University in a way no other student society can.

The Union's guiding principal of free speech is the foundation of our rigorous debate and discussion. From our weekly Friday night debates, to addresses from the most esteemed speakers across the country, the Union hosts the greatest diversity of thought in the University.

On top of this, we host free members' socials and termly headline balls. We also operate our own bar, affectionately known as 24s!

# *President's Welcome*

**WELCOME TO THE DURHAM UNION SOCIETY! I AM THRILLED TO  
SHARE WITH YOU ALL THE EVENTS WE HAVE PLANNED FOR  
MICHAELMAS TERM!**

In a time when breaking news stories happen every day, society feels like it is falling apart, and the word “unprecedented” seems to be used weekly, the opportunity to hear new perspectives is evermore important. Michaelmas in particular, is a time for fresh starts. Whether you have made attending our events a staple of your week, or whether you are arriving at Durham for the first time, you will find something for everyone, a thriving community of like-minded peers, and the opportunity to challenge yourself.

At its core, the Union is a bastion of free speech, a place where ideas exist to be challenged. University, and indeed the DUS, is your greatest chance to listen to, learn from, and debate those from different backgrounds to your own. Diversity of thought is central to the Durham Union- after all, how can we learn more about the world without it?

That is why you will find this term is full of speakers from different backgrounds, professions, and walks of life. We will hear from senior parliamentarians, diplomats, lawyers, financiers, heads of charities, and academics- all experts in their fields- giving you rich insights into the most topical global events. This term, we will debate our confidence in the government, whether war criminals deserve a defence, if revolutions can ever truly succeed, and so much more. I hope to see you at the despatch box.

Your membership goes far beyond academics however. We also have a packed social calendar, including our headline masquerade ball at Wynyard Hall which promises to be an unforgettable night. Whether you're a bar crawl fiend, or prefer a more relaxed atmosphere to enjoy a couple of pints, you will find the DUS and 24s have it all. From Oktoberfest, Halloween, and Christmas socials, to an end of term Oscars Gala, this term has an unmatched social calendar.

Above all, what makes the DUS truly special are its people, and friendships that last a lifetime. I am grateful to have the pleasure and privilege of working alongside such extraordinary individuals. This term is a culmination of all our efforts, and I hope that you enjoy all the events that we have put on. So, with that, I wish you all a very pleasant Michaelmas, and I look forward to seeing you at the Union this term!

# OUTREACH

SCHOOLS – CHARITY – LOCAL STUDENTS

## Our work with schools

*Hosted and arranged yearly by our fantastic Debating Officers, we welcome students from schools across the country. Students compete in a huge range of motions, on topics ranging from politics, philosophy, film, and pop culture, providing a gateway to professional debating.*

## Charitable initiatives

*As a charitable organisation ourselves, we ensure that we give back to the local community. From a 24-hour debate raising money for a local foodbank, a Movember fundraiser (forfeits included), or socials where all proceeds go to local charities, we have a history of community spirit and charity.*

## How we work with local students

*Every year we welcome local students into both the DUS and Durham itself to show them Uni life, give them application advice, and most importantly, show them the importance and appeal of debate! We invite students to our Friday-night debates to highlight the importance of open discussion, free speech, and robust debate.*

# OUR WORKSHOPS

## What we've run before

Last year, we ran our **Westminster Workshop** to help demystify SW1 for members. It was run by the Chief of Staff to a former Defence Minister, and the Director of Research and Education at the Adam Smith Institute. It offered a great chance to understand how to gain experience in Parliament, what they are looking for, and what working there is like.

## Journalism Workshop

This term's workshop is kindly led by Tim Luckhurst, Principal of South College and Professor of Journalism. Before becoming an academic, he was an accomplished journalist, having served as Editor of The Scotsman, and as National News Editor for BBC Scotland. He has also contributed to half a dozen newspapers, and even made a submission to the Leveson Inquiry.

This workshop offers the chance to hear Prof. Luckhurst's insights from his career in national media, editorial leadership, and academia, highlighting journalism's challenges, changing landscape, and the importance of responsible reporting. He will also provide insights into how to break into the industry, and what employers are looking for.

We've made real progress, but there's still plenty more to do.'

# PRESIDENT'S THANKS

Thank you for reading the Michaelmas 2025 Term Card. This term is the culmination of thousands of hours of tireless work, and could not have been achieved without the help of everyone at the DUS. That said, special thanks are owed to the following for their exceptional help in the planning of this term, and in supporting me from my first day in this society.

**Maddy Frank** - Still a silly fresh if ever I've met one. You have stood by my side since the beginning, and we both know I wouldn't be here if not for you. You're a truly special friend who has supported me all the way. I will always appreciate that you'll never refrain from telling me when I'm wrong. I will always be grateful for you, and I look forward to another term of shenanigans, late night debriefs, and coffees you'll inevitably arrive an hour late to.

**Josh Brookin** - My right hand man, partner in crime, and friend for life. We made this journey together from our first Gencomm to the Presidential announcement. Your humour, wit, fashion, and friendship means more than I could ever express. Here's to many more years of mischief. You'll make a spectacular SPAD.

**Henry Hawes** - The ultimate good bloke. This term would not be a reality without you. Over a thousand emails between us, this term is as much a testament to you as it is me. You'll be an asset in the City.

**Anna Beskhmel'nitskaya** - You're the reason I am even President. If you hadn't convinced me to run for election I wouldn't be where I am. You have stuck by my side through thick and thin, the kind of friend others dream to have. Coming back from retirement to help make my dream term card means the world to me. Thank you truly.

**Will Pugh** - Thank you for all your work on the publicity drive, going through innumerable outtakes, and dealing with my lack of stylistic ability. This freshers drive and term card wouldn't be the same without you.

**Molly Purcell** - My deputy, trusted confidant, and true friend. You have kept me sane this last year, and made sure I don't bankrupt the Union. I've no doubt you'll succeed in whatever you put your mind to.

**Angel Ellis** - To my protégé and close friend, I have learnt as much from you as I hope you have from me. Your tireless dedication to this society and your friends is truly admirable. I know that you will make an exceptional lawyer.

**Adam McIntyre and Ryan Wilmott-Simmons** - Only you two know how much I owe you both. You have been such great friends, and for the countless hours we've spent writing, drafting, and re-drafting amendments, I can only say thank you. We have certainly left our mark, and you will both go on to do great things, I'm sure of it.

**Nicola, Ashleigh, Phil, Alma** - The unsung heroes of DUS. You do more than any of us and rarely get a thanks. Thank you for all you do for this society, and for all of us in it.

**Robbie Bono** - Your work as Equalities Officer has been unparalleled. I am proud of all we have been able to do together to better the Union and set it on the right path. Thank you for your years of friendship.

**Darcy Duhra** - Thank you for making my dream ball a reality, you have already outdone yourself before this term has even begun.

**Haya Chaudhri** - Perhaps the nicest person I've ever met, you have been nothing but supportive. Debate couldn't ask for a better Director!

**Katherine** for your tireless work on the Surveillance debate, and your creativity in helping design Movember. **Edward** for revolutionising our YouTube and securing new tech equipment. **Milli** for being such a kind person, and for being the best Welfare Officer we have had. **Oliver** for your dedicated work on the alumni dinner and mentorship scheme. I am glad it is you carrying the torch of Alumni Officer.

Past Presidents - **Theo Osborn, Matthew Brooker, Jerry Li, Reece Short**, you have all taught me so much, and I could not be here without all your guidance. I truly am stood on the shoulders of giants.

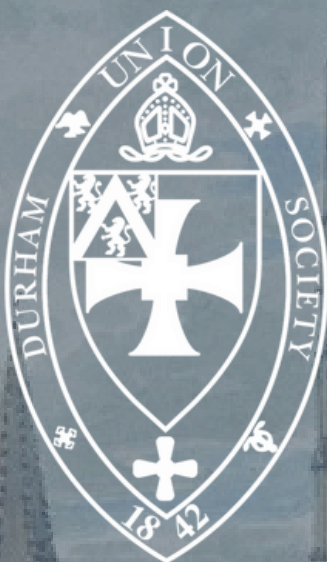

**William Rome** - a special thanks to you. It was your term which made me want to be President, and I am eternally grateful, and indebted for your help and advice these past months.

**Joshua Doherty** - to my successor, and dear friend, I could not feel more confident leaving the Union in your hands. You will make a remarkable President.

A handwritten signature in blue ink, which appears to read 'Callum Oxley'.
